THE CODING SPACE

The Coding Space is an after-school and summer program where students learn to tackle challenges independently through learning to code.

Students work on projects in either Scratch or JavaScript, and can choose which projects are appropriate for their level. Our teachers then make sure that students are engaged as well as challenged by what they're working on.

Our classes are run using The Socratic Method -- we ask students questions that lead them to figuring out answers on their own. Rather than giving students answers, we encourage them to learn the skills and tactics needed to independently problem solve.

By providing students with challenging projects and a space where they are in charge of their own learning, our students develop their intellectual confidence, a growth mindset, and computational thinking skills.

CORE DANCE: HIP HOP DANCE

Core Dance is a Hip-Hop Dance program that supports children's development through creative movement. Core Dance engages each child in expressing themselves through rhythm and dance. Students will learn how to make up and implement unique choreography that brings out their individual style. Together, we will create an amazing dance routine to perform at the end of the semester.

FLY DANCE

Got a creative mover on your hands? FLY Dance is the perfect space for authentic movers of every kind. Incorporating physical movement techniques of Yoga, Jazz, Modern Dance, Acrobatics, Partner work, Hip Hop, and more, students will have the opportunity to learn their body's natural movements and gain deeper kinesthetic and spatial intelligence.

Concluding with a final showing for parents to participate in and view, students will co-choreograph their own dances to tell personal stories and explore how movement is a unique form of self-expression.

EVERYONE IS GOING GAGA GOR GAGA!

The Gaga Center is bringing Gaga to Ramaz for 1st and 2nd graders! Gaga is a fast-paced high-energy sport played in an octagonal pit. The more kids the better! Played with a soft foam ball, this game combines the skills of dodging, striking, running, and jumping while trying to hit opponents with a ball below the knees. Players need to keep moving to avoid getting hit by the ball. Fun and easy, all children get a serious workout. Gaga instructors will get the kids moving with a warm up, followed by a quick strategy lesson-the game is simple but there are some cool tricks to learn. Let the games begin! The rounds move quickly; they are usually complete in less than five minutes. Once the game ends, everyone is back in for the next round. Before kids think twice, they are working up a sweat, jumping in and out of the pits. Ga...Ga...Go!

GIRLS ON THE RUN

Join Girls on the Run at Ramaz Lower School this fall! At Girls on the Run, girls learn life skills through fun, engaging lessons that celebrate the joy of movement. Trained volunteer coaches use a research-based curriculum to teach lessons through discussion, activities and running games. Girls on the Run focuses on social and emotional skills development, using running as the platform to deliver our lessons.

Girls meet twice a week for ten weeks, with the season concluding with a 5k run/walk that every girl in the program successfully completes. Each team is 8 to 15 girls. For additional information about Girls on the Run NYC, visit gotrnyc.org or call 212.401.6377.

GRACE ESSES GYMNASTICS

Flip, split, kick and fly with us! Grace Esses Gymnastics is coming to NYC! Our intensive program achieves success by limiting classes to small groups instructed by professional USAG certified gymnastics coaches. Open to both girls and boys, we inspire the gymnasts to reach their full potential through the personal attention they receive. All students will learn to master new skills in a safe and controlled environment. Our gymnastic classes aim to strengthen critical skills such as flexibility, balance, agility, coordination, endurance, and confidence. Students work hard and experience a true sense of accomplishment. We teach a vast range of skills from beginner to advanced to serve all levels of participants. Each class begins with warm up, stretch and a progression of skills as they are achieved; beginning with forward rolls to handstands, cartwheels, front-walkovers, back-walkovers, back-handsprings and back-tucks etc. The goal of Grace Esses Gymnastics is to provide outstanding and comprehensive programming.

Days Available: Any week day **Time:** Any time after school

Start Date: As per school calendar requirements

Room Request: Classroom with desks or tables

Minimums & Maximums:

The classes need a minimum of 8 students to run, and have a maximum of 16.

Hobby Quest's "Airplane Builders"

Can you build them? Yes, you can! UFO, Sky Rocket, and Arrow Quest are just a few of the many airplane models you'll get to build in this STEM-focused program. Learn what makes your plane lift off and continue to fly, and then build some more. But don't let the physics fool you! You'll learn a great deal, while having an amazing time flying all the models.

Hobby Quest's "Magic Masters"

Abracadabra! You will be transformed when you learn to perform all new tricks this fall. The Disappearing Deck, 3 Magic Wands and Coin Increasing Bag are just a few of the astounding tricks you will learn during this exciting program. You will experience amazing fun when you learn the secrets of these jaw-dropping illusions. Once you've transformed into a Magical Master, you'll get to share your new skills with friends and family in a real magic show at your school...and keep all the tricks!

It's Magical! Learn it! Perform it! Keep it!

Hobby Quest's "Fashion Trends"

Get ready to discover the designer in you with Hobby Quest's Fashion Trends! Learn everything there is to know about sketching, designing and sewing one of a kind wearable pieces to show off to your friends! This session you'll learn how to create a full outfit including a top and skirt or shorts of your own design! You will know what it means to be one of the top trendsetters in school, when you show off your fashionable creativity and individual style. You'll even be able to create an accessory to go with your outfit, like a hair band or belt – all made just by you! Since one of the most important parts of being a fashionista is showing off your designs, we'll even have a runway show at the end of the session, where you can model your chic creations for your family and friends. Get ready design world – here you come!

Design it! Create it! Model it! Keep it!

Guitar Course: 2nd-4th grade – 5-6 students

***Please note there will be no clubs on the following school days: November 13, 21, 22, and on December 20.**

Semester Price: \$640

We all know it's cool to play guitar, but learning guitar is more than just street cred. Learning guitar helps students develop many skills needed in life including, concentration, determination, and that hard-work pays off in the end.

Even though guitar is one of the most popular instruments it's also one of the most difficult to play. Unfortunately, more often than not, this instrument is not taught correctly resulting in improper technique which hinders the student's progress and can result in actual injury. This course is designed to take the student through the basic fundamentals of playing (proper left and right hand technique, proper picking and strumming technique, chords and basic rhythm) ensuring that they reach their full potential on the instrument.

If you've taken lessons previously, please contact us before signing up.

As music is best learned in small classes space is limited.

RAMAZ CLUBS

Ramaz Art – Mon: Kindergarten / Tues:

Grades 1+2 Thurs: Grades 3+4

Join the art club this semester with Mr. H. in the art studio! We will be reviewing the work of some of the most influential artists as inspiration for our masterpieces. Through the use of a variety of mediums such as paint, clay, tissue paper, oil pastels, etc. we will make some magic happen and have a great time doing it!

Ramaz Book – Monday: Pre-K, Kindergarten

We love reading books! In book club we read books either by theme or by author studies. We participate in fun follow up activities with different mediums of art. Sometimes we even create our own books!

Ramaz Chorus – Monday: Grades 3-4

Lower school chorus is a time for students to enjoy ensemble singing and gain confidence in vocal performance as they perform throughout the year. Their choral repertoire

includes English, Secular, Hebrew and Jewish music. They sing canons and learn to sing in two and three-part harmony. This is a fun opportunity for the children to fine tune their vocal skills and sing with fellow students. We hope that your children will join the Lower School Chorus - the more the merrier!

Ramaz Coding Club- Tues: Grades 1-2 Thurs:

Grades 3-4

Interested in computers and programming? Working with different coding programs, robots, and equipment, students will expand upon their knowledge of coding and will learn to write their own lines of code through mastering the basics of programming language. Students will be able to code both plugged (computers/iPads) and unplugged (using robots/art).

Ramaz Homework club –

Monday/Tuesday/Thursday: Grades 1-4

Homework club is an opportunity for children to work on their homework in a supervised

***Please note there will be no clubs on the following school days: November 13, 21, 22, and on December 20.**

and social setting. One English teacher and one Hebrew teacher are available to assist the students with questions they may have and do their best to ensure that each child is utilizing their time productively by focusing on their homework. While some students may be able to complete all of their written homework during this time (supervised reading must be done at home with an adult), it is highly dependent on the individual child. Parents are reminded to confirm with their child at home whether all homework has been completed.

Ramaz Sports –

**Mon: Grade: 3-4 (330-430) Grade 2-4 [girls]
430-530**

Tues: K + 1st (advanced sports)

**Thurs: Grade 2 (330-430) K/1 [beginner]
430-530**

Students work on their skills while engaging in different types of organized sports; here we promote sportsmanship. They also play a variety of tag and cooperative games, helping to emphasize teamwork. However, the

common goal in our club for every activity is for the students to have fun!

Cancellation Policy: clubs are non-refundable after **two classes** have been completed.

For specific vendor cancellation policies, parents should **contact vendors directly**.
